Closing Ceremony of the PT HUB ICT project.

CONFERENCE  29/06  **ANJE, PORTO**

We are excited to present to you the final event of the Portuguese HUB ICT, a significant milestone in the field of technology and innovation. Scheduled for the 29th, this event promises to bring forth the latest trends and developments in the Information and Communication Technology (ICT) sector into the spotlight. It will also be the Closing Seminar of the Portuguese HUB ICT.

The Portuguese HUB ICT has been an innovative collaboration between leading companies, educational institutions, and government entities, with the aim of promoting growth and excellence in the ICT industry in Portugal. During this final event, renowned experts and inspirational speakers will share their visions of the sector's future, as well as the opportunities and challenges that lie ahead.

In this event, we will present the studies developed that reflect internationalization strategies in the markets related to our application. We will have the honor of hosting three international guests:

Alex Morrison from MTC, United Kingdom.

Ariane Decramer from Flux50, Belgium.

Erlantz Loizaga Garmendia from TECNALIA, Spain.

During the conference, key topics such as Industry 5.0, Logistics and Supply Chain, and Energy Transition will be addressed. We have already confirmed the participation of renowned speakers, including Pedro Guerreiro (ANJE - National Association of Young Entrepreneurs), Filipe Oliveira (COTEC Portugal), Joaquim Borges Gouveia (University of Aveiro), Teodorico Pais (Vista Alegre Atlantis), Ricardo Bessa (INESC TEC), Ariane Raïssa Decramer (Flux50), José Carlos Caldeira (INESC TEC), Daniel Corujo (Institute of Telecommunications), Tiago Sacchetti (Bosch Industry Consulting Iberia), Alexander Morrison (MTC GROUP), João Sousa (CCG: Center for Computer Graphics), Erlantz Loizaga Garmendia (Tecnalia), Rui Soares (Centimfe), Filipe Sousa (Fraunhofer Portugal AICOS), Ricardo Mendes (Port of Aveiro), and André Garcia Vieira de Sá (CoLAB LogIN).

Internationalization projects and the best examples of entrepreneurship and energy transition will also be showcased.
